G-LOGOS LLC

OREGON SBDC COUNSELING & STATE GRANT EXECUTIVE PRESENTATION

DUAL-ENGINE SOVEREIGN AI: 38 DECISION PWAS & 25CH AUTONOMOUS BROADCASTING

Entity Legal Name: G-LOGOS LLC (Oregon DLLC)	**Oregon Registry ID: #263935596** (Active / Good Standing)
Federal EIN (IRS Tax ID): 43-2326288	**Federal SAM.gov UEI: INC-GSAFSD21754213** (Active Contractor Record)
Founder & CEO: Sung Bae Park (Managing Member)	**SBDC Regional Center: Chemeketa SBDC** (Salem, OR)
Corporate Headquarters: 3526 Belvedere St NW, Salem, OR 97304	**Official Email:** sungbaepark@g-logos.com • sungbaepark10@gmail.com
Global Production Web: https://g-logos.com	**Global Big Tech Validation: NVIDIA Inception • Lambda Cloud • AWS Activate**

1. Executive Summary & Purpose of SBDC Counseling

G-LOGOS LLC is a Salem, Oregon-based sovereign artificial intelligence enterprise operating on the founding principle **'To Broadly Benefit Humanity' (IT Compassionism)**. We have engineered a high-margin, dual-engine technology infrastructure: (1) **'Human & AI'**, delivering 38 privacy-first, zero-server-log Progressive Web Apps for vulnerable citizens and small businesses, and (2) **Autonomous Neural Broadcasting**, running a 24/7 linear multimedia broadcast network across 25 curated channels.

Primary Objectives for Chemeketa SBDC Counseling:

• **Objective 1 (Non-Dilutive State Grants):** Evaluate and apply for Oregon state grant programs, including **Business Oregon SBIR/STTR Phase 0/I Matching Grants**, the **Oregon Business Development Fund (OBDF)**, and regional small business innovation capital.

• **Objective 2 ($1.0M Seed Round Capital Access):** Secure strategic advising on our $1,000,000 institutional seed round, investor readiness, and local/national angel syndicate connections.

• **Objective 3 (Federal Procurement):** Finalize SAM.gov registration for U.S. Federal government technology contracting under NAICS 541511 / 513210.

■ **Admitted into NVIDIA Inception Program (October 13, 2026):** Global Big Tech recognition providing dedicated GPU cloud allocations, technical co-marketing, and deep AI architecture optimization.
■ **Lambda Cloud $1,000 Enterprise AI GPU Cluster Approval (October 18, 2026):** Direct API access to H100 SXM5 / PCIe on-demand GPU clusters for high-throughput video compositing and neural inference.
■■ **AWS Activate $5,000 & Multi-Cloud Grant Portfolio:** Backed by official credit grants from AWS Activate ($5,000), Bria AI ($1,200/yr commercial AI license), Civo Kubernetes, AssemblyAI, and Scaleway Cloud.
■■ **100% Client-Side Zero-Log Privacy Architecture:** Eliminates GDPR, CCPA, and HIPAA compliance risks by executing deterministic rule-engines entirely inside user browser V8 runtimes.

2. Flagship Division 1: 'Human & AI' (Sovereign Decision Intelligence)

Humane Client-Side PWA Ecosystem • Live Portal: https://humanandai.g-logos.com

'Human & AI' is the central technological and revenue engine of the G-LOGOS Group—functioning within our corporate structure with the same flagship significance as Samsung Electronics within Samsung. Under the stewardship of Founder Sung Bae Park, this division deploys **38 fully operational Progressive Web Applications (PWAs)** that solve critical real-world legal, financial, and healthcare challenges without tracking user data.

Representative Core Applications Deployed and Available Today

Application Name	Target Social Problem & Vulnerability	Deterministic Solution & Impact
Restart SafeCheck (Rehabilitation Engine)	Personal debt crisis, post-bankruptcy recovery, and legal rehabilitation confusion.	Deterministic financial recovery calculator evaluating relief eligibility in 0.1s with 100% zero-log client-side isolation.
Deposit Safeguard (Tenant Protection)	Real estate lease deposit fraud, landlord withholding, and unfair lease terms.	Automated lease agreement compliance audit assessing statutory priority repayment rights and drafting legal notices.
WorkSafe Guardian (Labor Rights Audit)	Unpaid wages, illegal dismissals, safety violations, and gig-worker vulnerabilities.	Statutory wage reconciliation engine calculating overtime, severance, and statutory remedies with zero employer retaliation risk.
Home Money Map (Family Solvency)	Household balance sheet insolvency, high-interest debt, and inflation stress.	Autonomous debt restructuring tool restructuring household obligations and expenses directly in local browser memory.
G-CARE Senior Health (Elderly & Companion Care)	Geriatric cognitive decline, senior isolation, and veterinary medical disinformation.	Senior dementia prevention cognitive routines, well-aging guides, and evidence-based companion animal wellness diagnostics.
Public Subsidy Compass (Grant & Welfare Match)	Bureaucratic opacity in government benefits, energy grants, and small business relief.	Instant cross-matching engine connecting citizens and micro-enterprises with 1,200+ federal and state grant programs.

The Zero-Log Architectural Moat:
Unlike traditional cloud AI companies that harvest and store private user queries (creating catastrophic cybersecurity and legal liability), G-LOGOS PWAs execute deterministic rule-engines and lightweight AI models **entirely inside the user's browser V8 engine**. Server logs are zero, bandwidth costs are near-zero, and user trust is absolute.

3. Flagship Division 2: Autonomous Neural Broadcasting (25ch)

24/7 Sovereign Global AI Broadcasting Station • Live Portal: https://tv.g-logos.com

G-LOGOS operates the world's first fully autonomous 24/7 linear neural television station across **25 curated global channels**. Powered by multi-agent AI pipelines (Gemini 2.5 Flash, Bria AI, AssemblyAI, and MoviePy), the station autonomously produces research, scriptwriting, speech synthesis, 7-scene multi-layer video compositing, and dynamic subtitle burning with zero manual intervention.

Representative Broadcasting Channel Lineup (Selected from 25 Channels)

Channel ID & Focus	Editorial Mission & Content Structure	Autonomous AI Technology Stack
CH 01: Human Drama (Empathy & Healing)	Inspiring documentaries, triumph over adversity, emotional well-being narratives.	Multi-scene emotion-cadence TTS, cinematic color grading, dynamic subtitles.
CH 03: Global News & Insight (Investigation)	Fact-checked international geopolitical analysis, AI ethics, tech industry reports.	Real-time RSS crawler ingestion, automated script distillation, BBC-grade pacing.
CH 08: Senior 24 Well-Aging (Geriatric Health)	Daily senior exercise routines, dementia prevention, active retirement guides.	High-contrast large-font ASS burn-in subtitles, warm vocal modulation.
CH 10: Curious Science (Space & Tech)	NASA discoveries, quantum computing, astrophysics, bio-mechanics explained.	4-tier fallback visual fetcher (NASA 4K, Pexels, Unsplash, AI generative).
CH 12: G-LOGOS 104.0 Sound (Music & Ambience)	24/7 lo-fi, chillhop, binaural focus beats, and soothing ambient soundscapes.	Zero-buffer HLS audio stream, sound-reactive spectrogram visualizer.

■ **Cross-Platform Automated Syndication Engine:** Every editorial piece generated by G-LOGOS is automatically adapted and published simultaneously across **Google Blogger (wiselivings.com)**, **Naver Blog (SmartEditor ONE)**, **Cafe24 WordPress**, **Threads (@glogosj, @glogos_global10)**, and **YouTube Shorts (4-hour automated relay)** with zero manual overhead.

4. Financial Projections & $1,000,000 Seed Round Deployment

Sustainable Unit Economics, Capital Efficiency & Job Creation in Oregon

Because G-LOGOS relies on client-side browser computation for its PWAs and autonomous multi-agent pipelines for its media network, our marginal cost of serving additional users is asymptotically zero. This yields an exceptional operating margin profile:

Financial Metric (USD)	Year 1 (2027)	Year 2 (2028)	Year 3 (2029)
Gross Annual Revenue	$1,200,000	$3,800,000	**$7,900,000**
B2C Premium Subscriptions (PWA)	$360,000 (30%)	$1,140,000 (30%)	$2,370,000 (30%)
B2B Compliance & Enterprise SaaS	$480,000 (40%)	$1,710,000 (45%)	$3,950,000 (50%)
Autonomous Media Ad Revenue & Affiliates	$360,000 (30%)	$950,000 (25%)	$1,580,000 (20%)
Cost of Goods Sold (Compute / Cloud)	($180,000)	($420,000)	($790,000)
Gross Profit Margin	**85.0%**	**88.9%**	**90.0%**
Operating Expenses (OPEX / Team / Sales)	($480,000)	($1,100,000)	($1,820,000)
Net Income Before Tax	**$540,000 (45.0%)**	**$2,280,000 (60.0%)**	**$5,290,000 (67.0%)**

Planned Allocation of $1,000,000 Institutional Seed Round

Budget Category	Allocation	Share	Strategic Deployment & Oregon Job Creation
Core Engineering & PWA Expansion	**$450,000**	45%	Hire 3 Oregon full-stack engineers; expand PWA suite from 38 to 100+ domain verticals.
Compute & NVIDIA GPU Cloud	**$300,000**	30%	Deploy high-density GPU rendering clusters, sub-second latency streaming nodes, and K8s.
Commercialization & B2B Sales	**$250,000**	25%	Hire Oregon B2B sales director; execute ABM enterprise sales and SAM.gov federal proposals.

5. Sequential Roadmap & Chemeketa SBDC Partnership Milestones

A Clear, Accountable 2026-2028 Execution Plan

Execution Phase	Key Institutional Deliverables & Milestone Objectives
Phase 1: Foundation (Q4 2026 - Q1 2027)	• Complete Chemeketa SBDC intake counseling and draft Business Oregon SBIR Phase 0 grant. • Finalize SAM.gov UEI assignment; package initial 38 PWAs for mobile stores. • Close $1.0M Seed Round with strategic angels and regional venture funds.
Phase 2: Scale (Q2 2027 - Q4 2027)	• Expand tv.g-logos.com linear syndication from 25 to 50 active channels. • Land first 15 Oregon and West Coast enterprise compliance contracts ($1.2M ARR). • Create 5 new high-tech jobs in Salem, Oregon.
Phase 3: National (Q1 2028 - Q4 2028)	• Secure U.S. Federal Direct Procurement contracts via SAM.gov. • Scale B2B enterprise customer base to 50+ institutional accounts ($3.8M ARR). • Establish G-LOGOS as the standard for Zero-Log Humane Decision Intelligence.

6. Virtual Data Room (VDR) & Scheduled Counseling Session

Chemeketa SBDC business advisors and Business Oregon grant officers have immediate access to our verified institutional records via the corporate Virtual Data Room:

Institutional Due Diligence Item	Verified Repository Link / Status
Oregon Secretary of State Articles of Organization	Registry #263935596 (Salem, OR) • Verified Active
Federal Employer Identification Number (EIN)	IRS Form CP-575G (#43-2326288) • Verified Active
Federal SAM.gov Unique Entity Identifier (UEI)	UEI: INC-GSAFSD21754213 • Verified Active Contractor Record
NVIDIA Inception Program Official Admission	Admitted Oct 13, 2026 • Dedicated Hardware & Compute Partner
Lambda Cloud Enterprise GPU Cluster Grant	Granted $1,000 GPU Credits & H100 API (Oct 18, 2026) • Active
AWS Activate Official Cloud Infrastructure Grant	Granted $5,000 AWS Cloud Infrastructure Credits • Active
Live 38 Production PWAs Portal	https://humanandai.g-logos.com • Operational
Live 25-Channel AI Television Network	https://tv.g-logos.com • Operational
G-LOGOS Corporate Investor Data Room	https://g-logos.com/#investor-vdr • Full Access
