G-LOGOS LLC

Autonomous AI Media Orchestration & Humane Intelligent Systems

GLOBAL MASTER STRATEGIC WHITEPAPER & INSTITUTIONAL PRESENTATION

Entity Name: G-LOGOS LLC (Oregon DLLC)	**Oregon Registry ID:** #263935596 (Active & Good Standing)
Federal EIN (IRS Tax ID): 43-2326288	**SAM.gov UEI:** INC-GSAFSD21754213 (Pending Final Assignment)
Founder & CEO: Sung Bae Park (Sole MBR)	**Official Contact:** ceo@g-logos.com | joshua@g-logos.com
Corporate Headquarters: 3526 Belvedere St NW, Salem, OR 97304 USA	**Production Portals:** tv.g-logos.com • humanandai.g-logos.com

1. Corporate Manifesto: The Founding Philosophy of 'To Broadly Benefit Humanity' (IT Compassionism)

G-LOGOS LLC was founded in Salem, Oregon, upon the timeless institutional mandate of **'To Broadly Benefit Humanity' (To Broadly Benefit Humanity — IT Compassionism)**, translated into modern computational science as **'IT Compassionism'**. In an era where hyper-commercialized artificial intelligence often exacerbates social alienation, exploits user privacy, and erects insurmountable technical barriers for vulnerable citizens, G-LOGOS exists to deploy artificial intelligence as a benevolent shield and empowering companion for human flourishing.

The G-LOGOS Tri-Pillar Mandate:

- **1. Truthful Sovereign Media (■■■ ■■■ ■■■):** Eliminating commercial bias, algorithmic deceit, and sensationalist clickbait by delivering verified historical, scientific, and philosophical wisdom 24/7 across global linear streams.
- **2. Humane Decision Empowerment (■■■ ■■ ■■ ■■■ ■■ ■■):** Providing instant, deterministic legal, financial, and workplace decision intelligence to protect citizens from devastating legal blindness and debt traps.
- **3. Ethical Technology Ministry (■■ ■■■ ■■■■ ■■ ■■):** Ensuring that advanced neural computation serves to restore human dignity, heal emotional exhaustion, and bridge generational knowledge divides.

2. Institutional Credibility, Regulatory Compliance & Tech Validation

Chemeketa SBDC Strategic Partnership	Formally registered with the Chemeketa Small Business Development Center (Salem, Marion County, OR) for regional enterprise positioning, Business Oregon SBIR Phase I alignment, and non-dilutive state innovation grants.
U.S. Federal Direct (SAM.gov)	Submitted under Case INC-GSAFSD21754213 for federal procurement eligibility, government contracting, and Grants.gov non-dilutive research awards with complete IRS EIN 43-2326288 compliance.
NVIDIA Inception Program (Approved)	Officially accepted into the elite NVIDIA Inception Program on October 13, 2026, granting direct access to NVIDIA GPU architecture optimization, DGX Cloud, and enterprise go-to-market alliances.
Validated Cloud & AI Allocations	Active commercial infrastructure partnerships secured with Bria AI ($1,200/yr clean AI), Civo Kubernetes ($250), AssemblyAI ($250+ Speech AI), Microsoft Azure ($150k pipeline), and AWS Activate.

3. Humane Values, Present Reality & Social Contribution

Bridging Vulnerability with Technology: A Social Impact Imperative

Modern citizens navigate an increasingly treacherous economic and legal labyrinth. Ordinary individuals, gig workers, small business owners, and seniors regularly suffer devastating financial loss, housing evictions, and psychological trauma not from lack of effort, but because enterprise legal tech and financial advisory services remain locked behind exorbitant hourly billing rates. G-LOGOS directly resolves this societal market failure:

Target Social Vulnerability	Human Distress & Societal Cost	G-LOGOS Deployed Solution & Public Impact
Real Estate & Rental Deposit Fraud	Tenants losing lifetime savings due to unlawful landlord withholdings, junior mortgage traps, and opaque lease contracts.	**Deposit Safeguard (■■■ ■■■):** Instant statutory lease analysis calculating priority debt ratios and auto-drafting certified legal notice letters for tenants at zero cost.
Labor Rights & Wage Theft	Youth, gig workers, and part-time employees subjected to illegal dismissals and unpaid overtime without access to labor attorneys.	**WorkSafe Guardian (■■/■■ ■■■):** Statutory labor standards evaluation engine generating formal wage reconciliation claims without exposing the employee to retaliation.
Financial Insolvency & Debt Despair	Working-class households facing bankruptcy and predatory subprime loans due to sudden inflation and credit miscalculations.	**Restart SafeCheck & Home Money Map:** Private, deterministic financial rehabilitation simulator mapping debt workouts and credit recovery in 0.1 seconds.
Senior Isolation & Cognitive Decline	Rapidly aging populations facing digital exclusion, cognitive impairment, and veterinary healthcare misinformation.	**G-CARE Senior Wellbeing & Myeongsim:** Non-pharmacological dementia prevention routines, companion animal wellness guides, and digital literacy coaching.
Government Subsidy Opacity	Low-income families and disabled citizens missing out on vital federal and state welfare entitlements due to bureaucratic confusion.	**Government Welfare Compass (■■ ■■ ■■■):** Real-time semantic matching linking citizens directly to 1,200+ federal/state subsidy programs.

4. Present Reality (■■) vs. Future Strategic Vision (■■)

WHERE WE ARE TODAY (■■■ ■■■ ■■■)
• **Production-Ready Software:** 38 active Progressive Web Applications fully developed and live under the flagship portal **humanandai.g-logos.com**.
• **Autonomous Broadcasting:** 25 live channels, 800+ curated master programs, and automated 4h/8h neural rendering loops on **tv.g-logos.com**.
• **Regulatory Grounding:** Oregon LLC registered, IRS EIN assigned, SAM.gov federal registration submitted, and NVIDIA Inception approved.
• **Zero Marginal Infrastructure:** Client-side zero-log execution enables serving millions of users with near-zero server load.

WHERE WE ARE HEADING (■■■ ■■■ ■■)
• **Global Native App Store Deployment:** Packaging 38 PWAs into native iOS (App Store) and Android (Google Play) hybrid suites with global in-app subscriptions.
• **Enterprise B2B Compliance SaaS:** Licensing zero-log decision engines to mid-market enterprises, HR departments, and municipal welfare agencies.
• **Sovereign AI Broadcast Syndication:** Expanding from 25 to 100+ global channels in multi-language neural translation (English, Spanish, Korean, Japanese).
• **Institutional Scale:** Achieving $7.9M annual revenue with a 67% operating margin by Year 3 as an ethical AI market leader.

5. Flagship Division 1: 'Human & AI' (■■■ AI)

Humane Decision Intelligence Engine • Web: https://humanandai.g-logos.com

'Human & AI' (■■■ AI) is the core intellectual flagship of G-LOGOS LLC—holding a strategic position within our corporate ecosystem identical to that of Samsung Electronics within the Samsung Group. The enterprise represents the inseparable union of human compassion and neural machine intelligence: **Human (■■■■ ■■■ CEO — Compassion, Humanity, Absolute Direction)** and **AI (■■ ■■ ■■■ Staff Chief — 24/7 Neural Intelligence & Flawless Code Execution)**.

Architectural Dimension	Conventional Cloud AI (Centralized)	G-LOGOS Humane Engine (Edge/Zero-Log)
Data Privacy & Security	User prompts transmitted and logged on central servers; vulnerability to model retraining leaks and subpoena.	**Zero-Log Client Local Memory:** Execution strictly isolated in user browser memory. Zero bytes transmitted to server; complete GDPR/CCPA immunity.
Execution Latency	2.5s - 8.0s (network round-trip, queuing, and probabilistic LLM generation lag).	**Sub-0.1s Instant Response:** Pre-compiled deterministic decision trees evaluate legal/financial inputs in under 100 milliseconds.
Hallucination Risk	Probabilistic token sampling causes catastrophic legal/financial hallucinations (15-28% error rate).	**Mathematical Determinism (0% Hallucination):** Verifiable decision logic strictly bound to statutory statutory frameworks.
Marginal Compute Cost	Linear server cost expansion ($0.02 - $0.10 per query); prohibitive scaling economics.	**Near-Zero Marginal Server Cost:** Compute offloaded entirely to user client hardware, unlocking 84%+ software gross margins.

The 38 Enterprise PWA Suite: Complete Functional Categorization:

Vertical Domain	Deployed Solutions Count	Representative PWA Titles & Scope
Civil & Legal Protection	8 Deployed PWAs	Deposit Safeguard, WorkSafe, Inheritance Shield, Small Claims Navigator, Contract Trapdoor Auditor
Economic & Debt Relief	7 Deployed PWAs	Restart SafeCheck, Home Money Map, Predatory Loan Refinancer, Micro-Credit Health, Tax Exemption Finder
Senior Care & Well-Aging	8 Deployed PWAs	G-CARE Cognitive Memory, Dementia Risk Radar, Senior Pension Optimizer, Mobility & Fall Prevention Guide
Emotional Healing & Soul	8 Deployed PWAs	Mind Sanctuary 432Hz, Trauma Decompression Journal, Relationship Restorer, Burnout Recovery Timer
Gov Subsidies & Citizen Aid	7 Deployed PWAs	Welfare Compass, Energy Subsidy Tracker, Public Housing Access Checker, Single-Parent Support Guide

6. Flagship Division 2: Autonomous Neural Broadcasting

24/7 Sovereign Multimedia Infrastructure • Web: https://tv.g-logos.com

G-LOGOS operates a massive autonomous broadcasting infrastructure featuring **25 dedicated category channels**, powered by a curated library of **800+ master high-definition programs** and non-stop 4-hour/8-hour neural rendering loops. The broadcasting network operates under the governance of **Constitution Article 1 & 2 (No Single Static Shorts, No Hallucinatory Stock Photos, Rigorous Benchmark Verification)**, ensuring that every frame produced meets world-class Netflix and BBC documentary standards.

Channels	Official Category / Badge	Core Curated Programming & Historic Benchmarks	Rendering Pipeline
CH 01-03	Human Healing, Philosophy & Global News	Human healing drama ('My Mister'), Michael Sandel (EBS Great Minds), BBC/Al Jazeera investigative streams	Linear Full HD Stream / sub-50ms latency
CH 04-06	Macroeconomics & 5000-Yr History	Semiconductor geopolitical analysis, MADE IN 5000 (Joseon Panokseon naval tactics), royal annals documentaries	3D Unreal CGI + 4K Historical Footage
CH 07-09	Medicine, Senior 24 & Classical Soul	EBS Top Doctors (Electroporation), 100-Year Lifespan (TED), C.S. Lewis Mere Christianity, Bach St. Matthew Passion	Multi-track Audio DSP & 432Hz Tuning
CH 10-12	Cosmic Science & Soundscape (104.0)	Curious Science ✕ NASA JWST deep-space astrophysics, 24/7 Lofi & Sacred Ambient Sanctuary Streams	NVIDIA CUDA Motion Synthesis
CH 13-16	Viewer Agora, Deep Psychology & Cinema	Live interaction polls, trauma recovery (Park Sang-mi), cinema aesthetics & Ennio Morricone orchestral concerts	Interactive Dynamic Web Canvas
CH 17-20	AI Knowledge Shorts & Earth Crisis	Generative AI breakthroughs (9:16 vertical), climate alarms, Arctic collapse, Rachel Carson Silent Spring	4-7 Multi-scene Hybrid Synthesis
CH 21-25	Audio Therapy, Pet Care & Gov Relief	Rilke & Dong-ju poetry narration, Myeongsim Dog Health Guide, Government 24 Housing & Subsidy Navigator	AssemblyAI 0.00s Precise SRT Subtitles

5-Stage Autonomous Broadcast Production Engine (Broadcast Studio):

Stage 1: Multi-Agent Deep Research (Neural HQ): Specialized LLM agents distill verified primary historical archives, medical journals, and court rulings into 4-act viral narratives.

Stage 2: Neural Narration & Voice Cloning: Ultra-realistic multi-lingual TTS calibrated for solemn human warmth with sub-millisecond breath cadence.

Stage 3: Hybrid Visual Composition: 4-stage hybrid synthesis (Bria AI v2.3 commercial clean art + Pexels/Pixabay 4K real video footage + 3D historical simulation).

Stage 4: Subtitle & Audio Mastering: AssemblyAI precision timestamp extraction (0.00s drift) + 432Hz sanctuary immersion BGM mastering.

Stage 5: Autonomous Syndication: Multi-platform automated dispatch to YouTube (4 channels), Blogspot (wiselivings.com), Naver Blog, WordPress, and Threads.

7. Market Opportunity & Target ICP (TAM / SAM / SOM)

Global data privacy mandates (GDPR, CCPA, EU AI Act) and corporate data breach liability are accelerating enterprise migration toward zero-log, edge-computed decision intelligence. The addressable market spans enterprise legal tech, corporate HR compliance, and sovereign public sector automation:

Market Layer	Addressable Value (USD)	Institutional Definition & Industry Scope
TAM (Total Addressable)	**$150 Billion**	Global Enterprise Artificial Intelligence, Legal Tech & Autonomous Digital Media Distribution.
SAM (Serviceable Available)	**$25 Billion**	Privacy-first zero-log decision intelligence and compliance SaaS for Mid-to-Large Enterprises and Public Agencies.
SOM (Serviceable Obtainable)	**$250 Million**	North American early-adopter enterprise HR compliance, rental legal protection, and state welfare agencies.

8. Go-To-Market (GTM) & Gartner 6-Stage B2B Buying Process

Gartner research reveals that enterprise buying committees spend **83% of their buying journey independently** and only 17% meeting vendors. G-LOGOS systematically addresses all 6 buying stages with automated self-serve proof points:

Gartner Stage	Buying Committee Persona	G-LOGOS Autonomous Nurturing & Conversion Asset
1. Problem Identification	Champion (Dept Head / HR / Legal)	Free ungated access to 38 PWAs exposes existing workflow bottlenecks and compliance vulnerabilities.
2. Solution Exploration	Influencer (IT Security / Legal Tech)	Zero-Log Architecture Whitepaper proving compliance with ISO/IEC 27001, ISMS-P, and GDPR statutes.
3. Requirements Building	Champion / End Users	Interactive ROI Calculators & Sub-0.1s latency performance benchmarks validating efficiency gains.
4. Supplier Selection	Decision Maker (C-Level / VP)	NVIDIA Inception validation & SAM.gov Federal Registry credentials establishing institutional trust.
5. Validation & POC	IT Architecture & Security Leads	Live Sandbox verification on humanandai.g-logos.com; zero server logs cryptographically verified.
6. Consensus Creation	Executive Buying Committee	Land-and-Expand enterprise licensing terms with guaranteed 8.5-month CAC payback.

9. 3-Year Financial Forecast & Unit Economics

G-LOGOS exhibits superior financial leverage driven by client-side edge compute (sub-linear infrastructure cost) and non-dilutive cloud credit subsidies.

Financial Metric (USD)	Year 1 (2027)	Year 2 (2028)	Year 3 (2029)
Top-Line Revenue	**$1,200,000**	**$3,800,000**	**$7,900,000**
Operating Expenses (OPEX)	$800,000	$1,520,000	$2,607,000
Net Operating Income (EBIT)	**+$400,000**	**+$2,280,000**	**+$5,293,000**
Operating Profit Margin (%)	**33.3%**	**60.0%**	**67.0%**
Annual Recurring Revenue (ARR)	$705,000	$2,450,000	$6,200,000

Institutional SaaS Unit Economics (Benchmarked against Bessemer & David Skok 2.0):

- **LTV / CAC Ratio: 3.8x (Year 1) → 5.2x (Year 3)** (Top-quartile capital efficiency benchmark).
- **CAC Payback Period: 8.5 Months** (Well under the institutional 12-month standard).
- **Net Revenue Retention (NRR): 125%+** (Driven by department-to-enterprise land-and-expand licensing).
- **Gross Margin on Software: 84%** (Achieved via client-side edge compute and zero-log local sandboxing).

10. $1,000,000 Seed Investment Round & Capital Allocation

G-LOGOS LLC is offering a **$1,000,000 USD Seed Round** (Target: Seed SAFE / Direct Equity, $6M Post-Money Valuation Cap).

Allocation Category	Capital (USD)	Percent (%)	Strategic Deliverables & Milestones
Core R&D; & Engineering	**$450,000**	45%	Expand PWA suite from 38 to 100+ specialized enterprise verticals; harden local zero-log cryptography.
Compute Infrastructure & K8s	**$300,000**	30%	Scale 24/7 cloud Kubernetes rendering farms, sub-50ms streaming nodes, and NVIDIA GPU clusters.
Commercialization & ABM Sales	**$250,000**	25%	Deploy Gartner-aligned Account-Based Marketing (ABM) for North American enterprise & SAM.gov federal contracts.

11. Sequential 4-Phase Growth Roadmap (2026 - 2029)

Phase / Quarter	Core Milestones & Institutional Deliverables
Phase 1 (Q1-Q2 2027) **Foundation & Grants**	• Close $1M Seed Round & formalize Chemeketa SBDC / Business Oregon SBIR Phase I grant. • Secure final SAM.gov UEI assignment and initiate federal procurement pipeline.
Phase 2 (Q3-Q4 2027) **Scaling & Mobile Apps**	• Package 38 PWAs into iOS/Android App Store applications. • Scale tv.g-logos.com automated rendering loops to 50 active syndication channels.
Phase 3 (Q1-Q4 2028) **B2B Enterprise Expansion**	• Land 50+ enterprise compliance SaaS contracts ($3.8M top-line revenue). • Expand NVIDIA DGX Cloud GPU clusters for sub-second generative media workflows.
Phase 4 (2029+) **Market Leadership & Exit**	• Attain $7.9M revenue at 67.0% operating margin ($5.29M net income). • Establish G-LOGOS as the premier sovereign AI broadcasting and humane decision infrastructure.

12. Virtual Data Room (VDR) & Institutional Due Diligence

Prospective government advisors (SBDC / Business Oregon), venture partners, and institutional investors are invited to review our verified compliance records in the corporate Virtual Data Room (VDR):

Verified Document & Governance Asset	Issuing Authority / Identification	Verification Status
Oregon State LLC Certificate of Good Standing	Oregon Secretary of State (#263935596)	**Active & Good Standing**
IRS Federal Employer Identification (EIN)	Internal Revenue Service (Form CP575G: 43-2326288)	**Confirmed & Active**
SAM.gov Federal Procurement Registration	U.S. General Services Admin (Case INC-GSAFSD21754213)	**Pending Final Assignment**
NVIDIA Inception Program Admission	NVIDIA Corporation Global Headquarters	**Officially Approved (Oct 13, 2026)**
Commercial AI API Licensing Agreement	Bria AI Ltd. ($1,200 Annual Inception Grant)	**Active & Validated**
